The Google Cloud Platform resource hierarchy

Total points 3

1.

Question 1

Choose the correct completion: Services and APIs are enabled on a per-_____ basis.

1 / 1 point

Organization

Project

Billing account

Folder

Correct

Correct!

2.

Question 2

True or false: Google manages every aspect of Google Cloud Platform customers' security.

1 / 1 point

True

False

Correct

You chose the correct response! Google Cloud Platform manages the lower layers of the security stack, such as physical security, and gives customers tools for managing the higher layers.

3.

Question 3

Your company has two GCP projects, and you want them to share policies. What is the less error-prone way to set this up?

1 / 1 point

Duplicate all the policies on one project onto the other.

Place both projects into a folder, and define the policies on the folder.

Correct

That's correct!
